LAUNCH RAMP, PARKING FACILITY AND BOAT-IN CAMPGROUND

DEDICATION OF LAKE CLEMENTINE PARKING FACILITIES

AUBURN – Representatives from Boating and Waterways, Bureau of Reclamation and the public will be joining California State Park staff in dedicating the new parking facilities at Lake Clementine on Tuesday, July 23rd, at 10:00 am. The program will be held at the Lake Clementine parking area. It will include a ribbon cutting, tour of the facility and refreshments.

The parking facility has been rehabilitated and improved through a grant from the Department of Boating and Waterways and now provides pull-through parking spaces for vehicles and boat trailers and a paved parking surface. The work also included construction of a wider road to the launch ramp.

The major rehabilitation project was completed and was open for public use in late June.
